

Thoughts to Ponder

Safety

1. What specific plans does the candidate have to address crime and ensure the safety of all residents?
2. How does the candidate plan to work with law enforcement, organizations, and residents to improve safety?

Preservation of Natural Resources

1. What is the candidate's stance on environmental issues such as conservation and sustainable development?
2. How does the candidate plan to protect our parks, waterways, and green spaces for future generations?

Fiscal Responsibility

1. What is the candidate's plan for managing the city budget while ensuring transparency and accountability for financial decisions?
2. How does the candidate plan to balance the budget while still meeting the needs of the residents?

Diplomatic Leadership

1. How does the candidate plan to work with other city officials, community leaders, and stakeholders to address complex issues and make decisions that benefit everyone?
2. What is the candidate's approach to resolving conflicts and promoting unity?
3. How will the candidate ensure open communication and collaboration among all parties involved in decision making processes?

By considering these important questions and issues, we can make informed decisions when choosing our community leaders and ensure that our city continues to thrive and grow in a sustainable way. Remember, every vote counts, so make sure to prioritize what is best for our community when you cast your ballot.
